PROJECTS SUMMARY

I started the journey of coding a year ago and I have built few projects using the skills that I have gained at Power Learn Project and through self teaching. I am still expanding my skills by keeping on working on real world projects.

PROJECTS

SCHOLARSHIPS WEBSITE

It helps you locate 4 best scholarship for coding in South Africa. I used only HTML and CSS for this project. It helped upskill my HTML & CSS

PORTFOLIO WEBSITE

This is my personal portfolio collaborated with my business portfolio. I used HTML, CSS and JAVASCRIPT to code this website and it is a great improvement on my skills.

BLOG WEBSITE

As I keep on improving my skills. I created this blog website with so many website technologies which I want you to check them on my Github.

WHAT MORE YOU NEED TO KNOW?

AUGUST 2022 - JULY 2023

- ✓ I attended a lot of bootcamp session some were physical some were virtually. I had an opportunity to learn from the best where I gained some of the skills which I am using today including communication, team work and many more.
